Project	CGI.com
URL	http://www.cgi.com/
Environment	Drupal 7, MySql, Apache, JQuery, CDN, Drupal chaching- Vernish

CGI deliver end-to-end IT outsourcing services that allow clients to achieve both quick wins and long-term results. Our track record of on-time, on-budget delivery is rooted in CGI's quality and management processes, and our flexible global delivery model offers the right mix of on-site, onshore, near shore and offshore sourcing to maximize value, access the best talent and ensure local accountability. Complemented by CGI's full spectrum of proprietary business solutions and industry knowledge.

This is a drupal website which has multi domain(Domain Access) and multilingual(Internationalization)support.

Role and Responsibility:

- Initially it was in drupal 6 then it was migrated to drupal 7 it is purely a Content management system.
- Scheduled Maintenance.
- Worked on theme system.
- Worked on contributed and custom modules.
- Client communication, understanding their requirements and providing them help and solution.
- Working on enhancements and change requests.

3. From Feb 2013 to Nov 2013, worked with Cygnus Infomedia, Kolkata as PHP Developer.

Project	Level-seven E-commerce Portal
URL	http://level-seven.com.au
Environment	Wordpress customization, My-sql, JQuery, Ajax, Wp-commerce module

Role and Responsibility:

- This portal is an example of Wordpress customization.
- Custom Wordpress theme developed from wireframe design.
- Several contributed modules are used like multilingual, wp-commerce, paypal payment gateway
- JQuery cufon fonts and cufon library are used in this website.
- Main challenge was customizing wp-commerce plugin for this website was handled by me and got client appreciation.

#Others:

- Homeland mall official website (<http://www.merlinhomeland.com/>)
- Worked in theme level for a magento customization (<http://www.redarmywatches.com>) project where a lot of JQuery and Java Script used at UI level.
- Made a personal website for famous actor Nigel Akkara (<http://nigelakkara.com>) as the client directly contacted with me and got appreciation.
- Some other Drupal projects that I have worked is www.karatcraft.in is a **drupal-commerce** based ecommerce portal.
